COVID 19 - HYGIENE PROTOCOL & GENERAL INFORMATION (update)

The event is organized complying with the current applicable regulations of Italian Authorities as well the FIS COVID-19 prevention guidelines.

Please check the *FIS Covid-19 Prevention Guidelines - Update 6th July 2021*.

Please check the rules for entering Italy on:

<https://app.euplf.eu/#/>

https://infocovid.viaggiare Sicuri.it/index_en.html

There are no special rules for teams participating the races: it is responsibility of all teams to fulfil the requests by the EU and Italian Authorities.

Because of the general situation in Europe, with Covid19 cases rising everywhere in the last days, **LOC strongly recommend to make a PCR Covid test maximum 48h before travelling to Italy.**

As already communicated in our Invitation, on Friday 30th July all participants will be tested in Cortina (through an antigenic rapid test, mod. Abbott Panbio); **test is mandatory for everybody, also for people with vaccination / Green Pass.**

Italian Health Authorities (AULSS 1 Dolomiti) will take care of positive cases and will be the only body in charge for any decision / sanitary measure.

LOC would like to underline that in case of positive person that has travelled together with the rest of the team (i.e. travelling by van for several hours), it is very high the risk of quarantine for entire team.

For this reason, please be sure to travel only after making a Covid screening for all members of your team!!

ACCREDITATION (new info)

For security reasons (Covid tracing), it is necessary to collect all the personal information of the participants. Data will be handled by LOC consistent to the GDPR rules.

Lift pass will be delivered only to accredited people, after a negative result of the Covid test.
